Summary of the content:	<p>The tutorial seminar will be largely organised in small groups. Its purpose is to provide a framework for deepening students' understanding of the main themes of the master's programme and for reflecting on how to apply and utilize the acquired knowledge and skills in the future. The students will gain practical knowledge on future career opportunities and internships and how to find access to job markets. They are stimulated to reflect on the profits gained from the master's programme and maybe the experienced shortcomings, which serves as an interactive feedback procedure to the programme.</p>
